It not infrequently happens that an earnest medical student comes to me with the statement that he cannot find a certain word-- galactotoxismus, for instance--in his dictionary. If such a student had had a fundamental training in Greek, he would not have needed to consult a dictionary in order to ascertain the meaning of this word. Besides, I am of the opinion that the best dictionary, frequently consulted, cannot give to one wholly ignorant of Greek the correct, clear, and full appreciation of the meaning of such a word as sitotoxismus as comes unsought to the one versed in Greek -- Victor C. Vaughan, Dean of the Department of Medicine and Surgery, University of Michigan, School Review, June, 1906, p. 392. I have been asked to express my opinion regarding a knowledge of Latin and Greek by the medical man. My answer is that it has been a constant wonder to me how anyone can undertake the study of medicine without previously acquiring these languages, and that anybody should advise a student that he can get along without the key to a Latin and Greek terminology is to me astounding. For with a fair working knowledge of Latin and Greek the student of medicine has his pathway made much easier; his machinery is lubricated at every point, while without such help his life is a...
