# Physical Chemistry Experiment (national agricultural universities and colleges teaching material)(Chinese Edition)

By YAO GUANG WEI // BU PING YU

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 207 Publisher: China Agricultural Pub. Date :2003-08-01 2005-01-01 1st edition 1st printing. The material is divided into experimental basic knowledge and experimental techniques. the basic experiment. experimental apparatus and used four-part appendix. a selection of 32 basic experiments and the corresponding experimental description of common sense and common equipment. and efforts to focus on the computer in the experimental process control. data acquisition and processing applications. This material seeks to reflect the physical and chemical experimental research methods an overview of the experiment so that students can master basic skills and experimental test of theoretical knowledge. The experimental teaching materials covering thermodynamics. electrochemistry. kinetics. surface and colloid chemistry. physical structure. academic knowledge. higher education institutions can be used as general chemistry and applied chemistry class agricultural colleges. environmental sciences. biology class. Food Sciences and Soil Sciences and other professional teaching physical chemistry experiments. but also for other institutions working in the physical and chemical experiments on the reference staff. Contents: Preface Chapter test basic knowledge and experimental techniques Section Physical Chemistry Experiment II the purpose and

## Reviews

*Extremely helpful to all class of individuals. It really is written in straightforward terms instead of difficult to understand. I am just happy to explain how this is the finest publication i have got read inside my own lifestyle and might be he very best ebook for possibly.*

-- **Dr. Meta Smith**

*It in just one of the best ebook. I could possibly comprehended everything using this written e ebook. You wont feel monotony at whenever you want of your time (that's what catalogs are for regarding should you check with me).*

-- **Dayana Brekke Sr.**
