

Laughing at the Gods: Great Judges and How They Made the Common Law

Filesize: 2.83 MB

Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Cambridge University Press. Paperback. Book Condition: New. Paperback. 328 pages. Dimensions: 8.9in. x 6.0in. x 1.0in. A history of judicial greatness, perfect for readers of any background! Any effort to understand how law works has to take seriously its main players - judges. Like any performance, judging should be evaluated by reference to those who are its best exponents. Not surprisingly, the debate about what makes a great judge is as heated and inconclusive as the debate about the purpose and nature of law itself. History shows that those who are generally considered to be candidates for a judicial hall of fame are game changers who oblige us to rethink what it is to be a good judge. So the best of judges must tread a thin line between modesty and hubris; they must be neither mere umpires nor demigods. The eight judges showcased in this book demonstrate that, if the test of good judging is not about getting it right, but doing it well, then the measure of great judging is about setting new standards for what counts as judging well. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
