Manchester University Press. Paperback. Book Condition: new. BRAND NEW, The Foreign Policies of European Union Member States, Ian Manners, Richard G. Whitman, David Allen, The only comparative analysis of the foreign policies of European Union member states. Examines those policies which are 'Europeanised' through the EU's processes and those policies which are retained or excluded from these processes. Analyses the dual impact of the Maastricht Treaty on the European Union, and the post-Cold War environment on the foreign policy processes of the EU's member states. Argues for a distinctive approach to the foreign policy analysis of EU states which recognises the fundamental changes that membership brings after the Cold War, but also acknowledges the diverse role of policies which states seek to retain or advance as being 'special'. All the empirical chapters are structured by six sets of explanatory questions.
