

Investing In Youth

By Emmanuel Edudzie

LAP Lambert Academic Publishing Aug 2013, 2013.
 Taschenbuch. Book Condition: Neu. 220x150x5 mm. Neuware -
 Despite their numerical majority, youth in Africa are still
 confronted with significant obstacles to participating in the
 economic, social and political circles. Yet, Africa's youth are the
 key to the continent's renaissance and will remain players in
 and advocates of social transformation and development in
 many spheres. The enormous benefits that youth can
 contribute can only be realised when investment is made in
 their education, employment, health care, empowerment and
 effective civic participation. In recent years, recognition of the
 importance of investing in young people in Africa has grown at
 the international level. However, there is a lack of information
 about whether and how donor policies and strategies have
 been matched by an increase in funding and specific
 programming to meet youth needs. It is against this
 background that this study is conducted to attempt to fill this
 information gap by analysing, in greater depth, the trends in
 donor strategies, programmes and funding for youth
 development in Africa. 80 pp. Englisch.
