From the low heights of Satory we get a complete view of the plains of Versailles--the woods, the town and the sumptuous chateau. The palace on its dais rules the scene. The village and ornamental environment have been constructed to augment its majesty. Even the soil has been molded into new forms at a monarch s caprice. Versailles is the expression of monarchy, as conceived by Louis XIV. It is the only epic produced in his reign--a reign so fertile in the other forms of poetry, and in talent of all kinds. What epic ever chronicled the destiny of an epoch in a manner more brilliant and complete? In this poem of stone the manners of heroic and familiar life mingle at every step. Besides the halls and galleries, the theaters of royal estate, there are mysterious passages and sequestered nooks that whisper a thousand secret histories. The palace has two voices, one grave and one gay and trifling. It is full of truths and fictions, tears and smiles. The personages of its drama are as various as life itself; kings, poets, ministers, courtiers, confessors, courtesans, queens without power, and queens with too much power; ambassadors, generals, little abbes and great ladies; nobles, clergy, even the people. For two centuries did this crowd continue to pass and re-pass over these marble floors and under these gilded vaults; and every day its flood became more impetuous, every day it gave way more and more to the whims and passions.
