With the help of clear drawings and photographs, he gives you no-nonsense advice about both choosing and wiring receptacles and switches, indoor and outdoor lights, exhaust fans for the bathroom, and ceiling fans for any other room. It doesn t matter if you are working on a new house that is still under construction or on an old house with wiring from the turn of the century. Cauldwell tells you - and shows you - what you want to know. He also provides information about wiring kitchen and utility-room appliances, a state-of-the-art home-entertainment system (including a cable or satellite TV system and stereo), and even your home phone system.
